# GROUP OF COMPANIES

## Group of Companies

### **Golden Square Engineering** **Excellence Across Every Sector**

Founded in 2007, Golden Square Engineering is a leading electrical contracting company in Sudan, specializing in high- and low-voltage network construction, power station projects, and circular concrete pole manufacturing. With extensive warehouses, advanced machinery, and a skilled workforce, the company delivers efficient, large-scale energy solutions as a qualified SEDC contractor.

As an exclusive agent for top suppliers in the electricity and energy sectors, Golden Square combines expertise, technology, and resources to execute complex projects across multiple states. Its integrated approach ensures precision, reliability, and long-term success in every undertaking.

### **Golden Square Electrical Poles Factory** **Precision-Engineered Poles for Reliable Power Networks**

The factory specializes in manufacturing high-quality circular concrete electric poles in various sizes, fully compliant with Sudanese Electricity Distribution Company (SEDC) standards. As a certified SEDC supplier, we adhere to the highest quality benchmarks in every stage of production. Using the latest manufacturing technologies, our factory combines Sudanese and international expertise to ensure durable and reliable poles. With specialized teams of civil engineers and skilled technicians, we import premium raw materials from Turkey, China, Germany, and the UK to guarantee excellence. Our production processes undergo meticulous quality control, reflecting our commitment to meeting customer needs.

## Group of Companies
